(e) if not, the reasons therefor;

(f) whether large scale retrenchment of employees is likely to lead to unrest in the country; and

(g) if so, the steps taken or proposed to be taken on war footing to address this serious issue?

THE MINISTER OF STATE OF THE MINISTRY OF LABOUR AND EMPLOYMENT (SHRI OSCAR FERNANDES): (a) and (b) No exhaustive survey/study has been conducted regarding retrenchment of employees due to economic slowdown. However, a sample study has been conducted by the Labour Bureau, Chandigarh to assess the impact of economic slowdown on employment in various sectors like Mining, Textiles, Metals, Gems and Jewellery, Automobile, Transport and IT/BPO for the period October-December, 2008 in the Country. According to the Study, the total employment in all the sectors covered by the survey went down from 16.2 million during September, 2008 to 15.7 million during December, 2008 resulting in job loss of about half a million persons.

(c) to (g) Government is concerned about the impact of economic slowdown in the country and several measures financial and fiscal have been initiated to spur growth and overcome the crisis. Some of the important steps relate to RBI measures to enhance liquidity in the market and an economic package by the Government of India, mainly comprising additional spending, interest subvention and excise duty cuts. These measures will prevent large scale job losses.
